2023 Virginia Legislative Competitiveness Scorecard

RICHMOND, VA – The Virginia Manufacturers Association Political Action Committee (VMAPAC) and Virginia Manufacturers Association (VMA) released the [2023 Virginia Legislative Competitiveness Scorecard](#).

This year legislators were scored based on **73** VMA priority and defensive priority bills. Scores are determined by the percentage of votes cast in agreement with the VMA's position on those **73** bills. Those scores are then ranked and graded A through F to reflect each legislator's voting support of Virginia's manufacturing competitiveness.

The VMAPAC recognizes all legislators scoring 70% (C Grade) or better with the VMAPAC *Legislative Competitiveness Certificate*. The top 3 scores in each chamber receive the VMAPAC *Industrial Strength Leadership Award*, listed below. These awards are not a blanket endorsement of any candidate or political party; rather, they are an honored designation for a legislator at a specific point in time for all manufacturers, retirees, and allies to recognize.

HOUSE OF DELEGATES

Kathy J. Byron (R): **100%**
Joseph P. McNamara (R): **100%**
Roxann L. Robinson (R): **98%**
Michael J. Webert (R): **98%**
